Women in Technology WA DEI Corporate Members Program

2026

www.dei.witwa.org.au

WiTWA brings to life

If you can see her,
you can be her.

WiTWA amplifies the voice and contributions of women through positive role modelling, deeper connections, and influencing societal evolution via our industry events, awards, education, corporate programs, and innovation hub.

Our DEI Corporate Member Program is critical in driving deeper connections and societal evolution and amplifying the brand of organisations looking to attract and retain women to their technology teams. The program gives organisations like yours access to job promotion via our Careers Page helps you attract and engage women within the technology field of WA. The DEI portal is a self-service solution with resources to advocate, measure, design, develop, recognise and promote the women within your technology teams and your DEI initiatives, cementing you as an evolving leader in workplace gender equality.

Join our growing list of WiTWA DEI Corporate Members:
